Preface

Hi everyone, I'm Takitarou. This is the third doujinshi in the aviation battleship series. The last doujinshi was released last summer. To be honest, I feel like I should draw a little more, but I didn't want to use the "aviation battleship" moniker for doujinshi that only didn't feature all four of the BEVs.

This story stands on its own, so new readers need not know about any of the contents of previous doujinshi. The tone is relatively lighthearted, the kind where everyone gets into conflicts because of trivial things. Since the KanColle anime's 6th episode was about making curry, I figured I wouldn't have anything to do with making curry in here.

Well then, see you at the postface.

Sortie Assignment:

The Nagato class and the Fusou class are to form the "Second Squadron" and set sail as a four-battleship main fleet! Please deploy to the Curry Sea and eliminate the enemy through repeated attacks!

—Quart. 001

With the Nagato-class...
Wait...
Huh!?

Sortie assignment...

Ara, we're going?

This can't be happening...

Sortie-ing with them...

If I get hurt and have to retreat, it'll be all over!

Don't worry, Yama-shiro...

They're part of the world famous Big 7!

And Mutsu is in the Nagato-class...

She's an UN-lucky ship!!

She's just like us...

We're going with the Nagato-class!

W=W-
Wh-Wh-
What are we going to do, Onee-sama!?

任務一覽

If my own misfortune causes any trouble for her...
I'd rather just disappear...

I can't stand it...

Even though her own luck is bad,

She doesn't make others feel unlucky.

She's cool and strong on the inside,

But can also be lady-like and has a model's beauty.

N-No
I... Just, I...

Yama-shiro ...?

You want to be her friend, don't you?

Fufu... There's no need to hide it~!

I'm sure you'll be very good friends before you know it.

Don't be silly now, you're my lovely sister.

Someone like me being friends with her?
I would just end up infecting her with my misfortune...

Nice to meet you.

I'll be in your care.

We'll be working together in the Second Squadron.

I'm Nagato.

And I'm Mutsu.

Let's take good care of each other, Yamashiro-chan~♥

HEEU
GHH

Does she hate me...?

Uhh!

W-W-What do I do...!? I freaked out and my hands are all sweaty...!

There's no way I could shake her hand like this...!

Thank you for your concern...

This should help us relax.

This is our first time working with aviation battleships, after all.

Before we strategize, I wanted to get to know each other.

What a lovely buttery aroma...

Delicious!

Let's have some tea and socialize a little, alright?

Here... Try my home-baked Pinanciers.

Fan- F-Fa... Mutsu's
an- Fan... hand-
cier... made...

*She's actually
very happy

How do
they
taste,
Yama-
shiro-
chan?

It's true...
She really
wants nothing
to do with
me...

She even
hates
cakes?
Or is any-
thing I
make no
good?

Give
it to me
if you
won't
eat it!

What
a scary
expres-
sion...

It's like
she doesn't
plan to
eat it at
all...

Oh
my!

Ara ara,
what
is it?

We had
prepared
snacks as
well...
Please have
them

By the
way...

I made these!

Please enjoy!

This Bota-mochi looks really good!

That one was made by Yamashiro...

So good!

So what's on the lower layer?

A net of golden moss weaves in a hidden layer is used as a typical trope in plays and historical dramas

Golden deserts?

That's why I've been forced to retreat more than several times.

Even when the others are all fine, I'll be the only one with heavy damage... That's normal for me...

I... I have bad luck, so the enemy always targets me.

And
forgive
me even
if I get
severely
damaged!

I know I've
brought
everyone
a lot of
trouble...

So I hope
you all can
accept
this...

Am...
Am I that
scary?

We can't
accept a
gift like
that!

And that
happens to
everyone;
don't worry
so much!

What's
going
on...?

This
needed a
bit more
sugar!

Not sweet
enough!

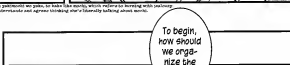

Just like the saying, "Mochi eaten in a mochi shop is the tastiest", aviation battleships are best paired with aviation battleships!

I want boba-mochi too!

She uses the expression gekimochi to mean, to bake like mochi, which refers to burning with passion. Though wotamochi means and agrees thinking she's literally talking about mochi.

We've never met anyone like that.

Ise and... Who-ga?

If I recall, they were named... Ise and Hyuuga?

By the way,

Wasn't there another class of aviation battle-ships?

Maybe they weren't new-del-ed yet?

??

Though there is an issue of whether we can attract high-level carriers to such a temporary fleet.

If we bring a carrier to wipe out destroyers, we'll have a much easier time.

Just leave them to me.

This fleet still has two empty spaces,

so we need to hurry and decide who to bring.

We'll meet here tomorrow at 1500 hours.

That's when the strategy meeting will officially begin.

...It's a little rushed, but we're counting on you.

...Understood.

Can you?

I'll bring them to us.

Well then, we'll leave it to you, Yamashiro.

The aircraft carriers.

Yamashiro...?

Do you have someone in mind?

Yamashiro... Will you be okay?

The only ones who would come if we ask are...

We aren't on friendly terms with any of the carriers..!

ああああ

Ahh, I know it....!

...I have no idea.

I just... Wanted to look good in front of Mutsu...

How are we going to pull this off by tomorrow?

Uugh

poof!

poof!

Let's go~!

Why not bring me along?

Ahh!

What? Why me...

Just leave it to me!

Sure, I'll help!

ぽやぽや

Sounds like you two're in some kinda' trouble?

Not them!!

I didn't mean to think of them!

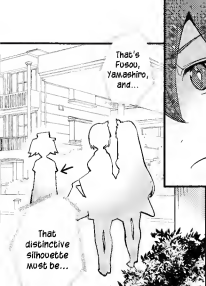

Don't interrupt our train of thought!

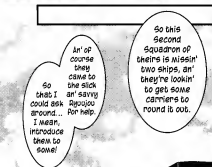

GYAAAH!!!

If yer lookin' for carriers, maybe I can hook ya' up?

Meeting Room

The next day...

Why is no one coming?
It's clearly the arranged time...!

Do you two know anything about that?

I heard that, yesterday, one of the girls was hospitalized after eating some curry.

fumble

fumble

Curry?
Swits me, my tummy's rumbling! too much to eat...

Well, guess, I got my hands on a work, fine...

That accent...

We all need to be more careful!
Don't eat pre-made curry until after it's been properly heated!
Alright?

According to her,

"I'm pissin' outta' both holes!"
Were her symptoms.

Sorry to keep you waiting!

What are we going to do now?!

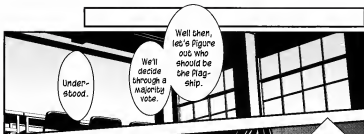

Where did all of yesterday's enthusiasm go?!

Well, Kuronko said she had too, but with our luck...

Onee-sama... I think that was Ryou-juu...!

So does that mean she didn't find any carriers for us...?

Under-
stood.

We'll
decide
through a
majority
vote.

Well then,
let's figure
out who
should be
the flag-
ship.

But we
always
do that,
so it's
a little
boring.

Leaving
things to
Nagato
would be
fine...

I had
already
made
up my
mind on
Nagato!

Those
who would
like Nagato
to lead,
please
raise your
hands.

**NAGATO:
TWO VOTES**

Rest
assured,
you can
trust me
to lead!

I was once
the flag-
ship of the
combined
fleet.

Fusou
picked
Nagato and
Yamashiro
picked
Mutsu...?

**MUTSU:
ONE VOTE**

lift

Well then,
votes for
Mutsu...

Nagato and Hyuuga are currently tied.

Next up, we will commence the run-off-

Stop right there.

Right here!!

Here!

Here!

Here here here!

Hyuuga only gets one vote, no matter how many dopes she brings from L&C!

HYUUGA: TWO VOTES

Zuion?

Ahh... The recon planes? Of course I can.

While they are equipped, I can double attack in the day-time...

No no, the Zuion is not so simple.

It is also capable of doing an opening air strike.

What!?

Are you capable of using [Zuion]?

There is one thing I need to confirm.

Aviation battleships can make the impossible possible.

It's possible.

Have you forgotten that we're battle-ships!?

Without carriers, such a thing is not-

You do
not have
Zuion.

How-
ever,

That
much
I will
give
you.

One
of the
world's
strongest
battle-
ships.

Nagato...
You are
incredibly
powerful.

It is
still much
too early
to handle
Zuion.

And
for
you,

Zuion...
What on
earth
is it?

Those
in favor
of Nagato
acting as
Flagship,
raise your
hands-

Now we'll
begin the
runoff
vote.

The key to
victory in
the Curry
Sea Oper-
ation is...

Now I
under-
stand.

...So
that's why
Fusou and
Yamashiro
chose this
setup.

I want you to show us...

The hidden power of aviation battle-ships!

I would have never voted for you if Mutsu hadn't done it first...

Huh!?

We didn't want to be included to you...

You should have just come to us from the start...

Yama-shiro... In the end,

You decided that I was best suited to be the flagship, huh.

M-M-Mutsu has nothing to do with this! In fact, I don't like her one bit!!

I do not!!

You're so weird!!

Why do you like Mutsu so much when she can't even use Zolun?!

Why would you choose the Nagato class over your fellow aviation battle-ships?!

Ara ara, do you really mean that?

The
next
day...

The hell is
this, a two
battleship
and four
aviation
battleship
composition!?

Night
as well
flush my
resources
down the
toilet!
Go come
up with
a new one!

The time
has finally
come for a
four aviation
battleship and
two aviation
cruiser Zuion
Squadron!

In the
end, the
setup was
rejected by
the Admiral.

She
starts
vomiting
in happi-
ness~

Sorry,
my sister
isn't very
used to
good things
happening
to her.

So
when
it does
hap-
pen...

GU
UA
AAGH
GH
HH

Is that
so... You're
that happy
about me
being made
flagship?

Zuion...
I can't
wait to
see it!

Will
she be
alright?

In more
ways than
one...

THE END

Postface

That was the story of the aviation Battleships that never attacked the Curry Sea. When this quest emerged, I was shocked to see that it was my favorite Nagato-class and Fusou-class...!? Then I figured that I'd fill up the rest of the spaces with the Ise-class, www.

I racked my head on how I would honorably complete this quest. In the end I was a little too stingy, and even now I have yet to complete that mission. Recently I figured that since I wanted to use this setup that I wouldn't deploy until these ship girls were properly trained, and as a result I accumulated a lot of incomplete quests. They've all piled up... Even though I want the reward so much...!

Yamashiro's idolization of Mutsu is my personal wish... Because Onne-sama is always hoping that Yamashiro would make some exceptional friends who aren't from the Ise-class who they pretend to get along with. When I wanted to draw the Ise-class, I wanted to bring along Mogami and the Fusou-class and then write a story about the Nishimura Fleet. Of course, I also wanted to draw a story about these four BBVs. Anyway, peace out!

Recently I had some really delicious Financier from a shrine, so the ones Mutsu made taste like that.
